

From: [CAI Texas Testing Communication](#)
Subject: MAY 15, 2023, Upcoming Texas Assessment Program Activities
Date: Monday, May 15, 2023 2:53:35 PM

To the Education Service Center and District Staff Members Addressed:

This communication is to inform you of the following upcoming activities for the 2022–2023 Texas Assessment Program.

SPRING 2023 STAAR ADMINISTRATION

- **Early Student Results**
Early student results for the spring 2023 State of Texas Assessments of Academic Readiness (STAAR®) administration will be available in the Central Reporting System (CRS) for district testing coordinators beginning **May 22, 2023**. An early data file will be posted to the district coordinator's secure inbox in the Test Information Distribution Engine (TIDE) on this same date. Early student results from this administration will be available in CRS for other authorized users, including teachers with rosters, beginning **May 25**. District personnel can use these early results to review students' performance for making local decisions. These early results are for student-level information not district or campus accountability reporting.
- **Data Corrections**
The data correction window for STAAR end-of-course (EOC) assessments is **May 23–30**. Districts must resolve student information and test discrepancies and may submit score code changes during this window. Changes submitted during the data correction window will be reflected in the final assessment reports for accountability to be provided on **August 8** for STAAR EOC assessments. Any updates made after the data correction window will be included in scheduled updates but will not be reflected in final assessment reports for accountability.
- **Returning Paper Test Materials**
As a reminder, the deadline for districts to ship all paper test materials to Pearson for the spring 2023 STAAR administration is **May 26, 2023**. All materials should be returned in the same boxes in which they were received using the return labels included in the shipment. Refer to the [District and Campus Coordinator Resources](#) for instructions on preparing materials for return.

JUNE 2023 STAAR ADMINISTRATION

- **Extension of OOS and OOD Examinee Registration**
The timeline for out-of-school (OOS) and out-of-district (OOD) examinees to register for the June STAAR administration has been extended until **May 26, 2023**. Districts must register OOS and OOD examinees between **May 15 and May 26**. Refer to the Texas Assessment website [Other Testing Resources](#) for the STAAR OOS and OOD Examinee Registration Form.
- **System Checks**
District technology staff can begin performing system checks on testing devices for the June 2023 STAAR administration beginning **May 22**. Any updates or patches applied to operating systems or software necessary for online testing require additional system checks. Technology changes, including the application of software patches, should not be made

during a test administration. District coordinators and technology staff should use the available resources and complete the tasks listed on the [System Checks](#) page in the *District and Campus Coordinator Resources*.

For questions or assistance regarding the information in this communication, contact Texas Testing Support at 833-601-8821, TexasTestingSupport@cambiumassessment.com, or TexasAssessment.gov [via live chat](#).
