To the Education Service Center and District Staff Members Addressed:

This communication is to inform you of the following upcoming activities for the 2023–2024 Texas Assessment Program.

### **SPRING 2024 STAAR ADMINISTRATION**

The testing window for the spring 2024 administration of the State of Texas Assessments of Academic Readiness (STAAR®) reading language arts (RLA) begins **Tuesday, April 9, 2024**, and ends **Friday, April 19, 2024**.

District testing personnel must ensure all eligible students are accounted for with a STAAR RLA test record by 11:59 p.m. (CT) on **April 19** by following the information below.

- Online assessments that were started will automatically default to a score code of “S” for Score.
- Student responses for paper administrations must be submitted and processed in the Data Entry Interface (DEI).
- Necessary updates to score codes must be made in the Test Information Distribution Engine (TIDE) using the *Appeals/Score Codes* module.

For the spring STAAR administration, all student information, including student demographics, accommodations, and program enrollment must be entered and verified in TIDE by **May 3**. If district personnel make changes to the information after this date, those changes will not be included in accountability reports. Refer to the [Complete Administrations](#) section in the *District and Campus Coordinator Resources* for more detailed information.
